

# Chest Freezers

**simfer**

### We support green life...

Save energy with a Simfer freezer. Simfer chest freezers reduce energy consumption and provide a money saving solution.

A++ freezer consumes up to 40% less energy than an identical A product.

A+ freezer consumes up to 20% less energy than an identical A product.

**Eco Mode:** Your freezer is set at -18°C and helps you saving energy. This mode enables saving energy by setting your product to -18°C

### We are practical...

We are straight forward and make things easy. We want to help our customers.

**Electronic temperature control:** Thanks to electronic temperature sensor inside the cabinet, your freezer provides a precise temperature control.

**Fast Freeze:** Adding new food to the freezer raises the internal temperature, and the freezer has to work harder to avoid food already in there warming up, and possibly even part-defrosting. The Super Freeze function rapidly lowers the temperature in the freezer, ensuring that the food is frozen quickly, while the surrounding frozen food stays frozen.

**Dual Cooling:** Dual Mode technology enables the user to use the product by setting in freezer or cooler mode.

### We are safe...

We are family focused and all of the family members are protected.

**Safety lock:** A safety lock ensures a safe appliance for households with young children.

**Aluminium bottom cover:** Inflammable aluminum bottom cover of your freezer protects the product against in case of fire.

### Dual Temperature Settings

The product can be used both for freezer or fridge. With the electronic control it can be easily adjusted temperature settings according to your needs.

### Super Freeze Functions

Fast freeze option is to use when freezing freshly prepared or recently purchased food. This can be used to prevent the temperature in the freezer rising when warmer items are introduced into it, and to preserve the quality of the food.

### Counter Balanced Lid

The door remains open between various angles which is dedicated for ergonomically loading.

### Food Divider

Basket storage and removable dividers that allow you to arrange your food any way you like.

### Wire Basket

Provides easy access to your most commonly used food items.

### LED Lighting

New LED interior lighting provides plenty of visibility throughout. Innovative design of the plastic housing of the LED Lighting, prevents direct touch of the lights to the eyes.

### Electronic Control Systems

Thanks to electronically controlled via electronic sensors control functions of chest freezers are integrated built-in the cabinet. The temperature settings are precisely controlled.

### Mechanic Control Systems

Mechanical thermostat control of your freezer enables dual temperature settings. The product can be used as a freezer or a fridge with a single control button.

### Multilevel Door Liner

Special door and cavity design which is angular in every section resulted in the more energy efficient product. Cold air locked tightly inside of the freezer.

### Aluminium Handle

The aluminium door handle of Simfer chest freezers is elegant and robust.

### Safety Lock

An integrated security lock keep your food secured with a handle lock. It also helps to ensure a tight seal for a consistently cool storage environment that saves energy.

### Defrost Drain System

The freezer compartment, however, will become progressively covered with frost; when the ice becomes very thick on the inner liner, complete defrosting should be carried out. The melting water swept down gathers in the outlet hole practically formed in the bottom of the appliance and can be removed by the water tank at the bottom of the product.

### Easy to Remove Gasket

Slot-in gasket design enables and easy service to the gasket.

### Stylish Design of The Simfer Chest's

Simfer Chest's Aesthetic Handle and Glass Top Lid designs, will fit your stylish kitchen.

### Easy Slide

Thanks to POM plastic foot, you can easily move your appliance and place it wherever you want.

### Optional Wheels

Lockable rolling wheels feet easy movement.

**Chest Freezers  
with Decorative Glass Top Lid**

**CG3240 A++**

**Standard Features**

- Total Gross Capacity: 220 Lt.
- Net Gross Capacity: 215 Lt.
- Electronic Thermostat Control
- Eco Mode
- Dual Cooling
- Manuel Defrosting
- Over Temperature Warning Function
- Fast-Freezing
- Integrated Handle - Front
- Decorative Glass Door
- Interior Led Light
- Refrigerant Gas: R600a
- \*(\*\*\*) Freezer
- Climate Class: SN-T
- Energy Efficiency: A++
- Pom Plastic Feet for Easy Slide
- Outside Condenser
- 1 x Plastic Removable Basket
- Food Divider
- Appliance can be set to Off Position
- Net Dimensions (WxDxH): 103,5 x 76,5 x 84 cm

**Optional Features**

- Extra Basket (Max 4)
- Rolling Wheels

**CG3320 A+**

**Standard Features**

- Total Gross Capacity: 305 Lt.
- Net Gross Capacity: 295 Lt.
- Mechanical Thermostat Control
- Eco Mode
- Dual Cooling
- Manuel Defrosting
- Integrated Handle - Front
